D) Detail by employer of payments each month for the period. This covers employers who have received payments for at least 2 employees each month.

Total Jobs represents the total number of owners and employees who received a payment in that month

The **Payment value** represents the amount paid out in respect of that month for that business. This may have been made as multiple smaller payments, and may have been subject to a later repayment.

Self employed and single employee businesses are not included in this list

D) Detail by employer of payments each month for the period. This covers employers who have received payments for at least 2 employees each month.

Total Jobs represents the total number of owners and employees who received a payment in that month

The **Payment value** represents the amount paid out in respect of that month for that business. This may have been made as multiple smaller payments, and may have been subject to a later repayment.

Self employed and single employee businesses are not included in this list
