

Waste Management (Jersey) Law 2005 (the ‘Law’)

Application to Transfer a Waste Management Licence (Article 34)

It is a legal requirement under Article 34 of the Law that an application must be made to transfer a waste management licence.

The application must provide sufficient information to enable a decision about the transfer of a licence and the likelihood that environmental problems may occur in the future. The information to be considered includes the state of the land on which the authorised waste activity has been carried out and the measures taken to prevent and remedy environmental problems as a consequence of the waste activities.

Please note a fee is payable to apply to transfer a waste management licence.

Section D – Fitness of Transferee:

A waste management licence may only be transferred if the Environment Minister is satisfied that the transferee is fit to carry on the activity to which it relates. There are three factors to take into account:

1. Financial security
2. Technical resources
3. Relevant convictions for offences

4.2 Financial security (see note 6)

Please describe below how you (the transferee) intend to demonstrate that you have sufficient financial resources to meet the terms and conditions of the waste management licence (use separate sheets if necessary). You should include a revised expenditure plan for the site with this application.

We have been trading for over 175 years, as such we are an established business with sufficient funds to trade. We already have a WML (WML027) so we will meet the requirements for this additional licence.

We are investing £400k of capital into new plant and equipment, with the remaining £600k of equipment financed. This will leave over £200k of capital to trade which is adequate to continue trading. If you require a more detailed breakdown we can supply it.
