

Regulation Standards Manager

Department:	Infrastructure, Housing and Environment	
Division:	Regulation	
Reports to:	Head of Environmental and Consumer Protection or, Head of Land and Development	
JE reference:	IHE1014	
Grade:	13	JE Date: 20/4/2021

Job purpose

Responsible for directing and overseeing the operational delivery of regulatory services through a specialised team of either Housing Standards, Food Standards, Trading Standards, Pollution Control, Public Health, Community and Licencing or Building Standards. To assess whether activities within these regulated areas comply with a portfolio of legislation within their specialism. Managing appropriate licencing and permitting activities. Where a clear legal breach has taken place, this post is responsible for leading their team in taking appropriate action in line with the sections enforcement policy ranging from persuasive compliance, advice and guidance through to prosecution where deemed appropriate. The post is responsible for the development, review and monitoring of appropriate policies and procedures, that these are demonstrable, and staff work within these frameworks at a team, section and department level.

Job specific outcomes

Work with the Head of Service and other Managers by contributing to the development of strategy, policy, legislation and service delivery in line with government and island wide priorities. Ensuring these meet local requirements, informed by management information, changes in local and international legislation, standards and codes of practice to protect islanders.

Lead the team within their respective discipline (e.g. Officers, Senior Technician and Technical Support Officers) in providing expert advice and guidance on their specific area of responsibility, as well as effective methods of delivery. Contributing towards their professional development and meet performance targets as identified in the Directorate's business plan.

Encourage partnership working with other Government Departments, Regulation Teams and Partner Organisations.

Encourage a culture of continual improvement, by proactively engaging and contributing to procedural reviews led by the Head of Regulatory Improvement to ensure the continual improvement of services, in terms of efficiency and performance to optimise customer experience.

Maintain expert understanding of the relevant Laws, Orders and precedents set through previous cases to understand and advise on potential breaches that may have occurred. Liaising with other relevant experts within the Regulation directorate, Natural Environment and the Law Officer's Department to help inform on the appropriate course of action.

Ensure the efficient operational response to requests for service or reports of incidents where it is believed there has been a breach in legislation or licensing condition Co-ordinating resources and activities to assess, identify and advise on possible remedies. Work with key stakeholders to resolve complaints, and where necessary involve others or to exercise legal powers of enforcement under the law.

Provide specialist professional / technical advice and guidance to the Minister in drafting or amending Laws, polices and regulations, aimed at improving standards to ensure Jersey's regulation laws and polices keep pace with social, cultural and political change.

Act as a senior investigator to support and advise other team members, particularly when dealing with complex or unusual complaints / issues, using professional judgement and experience to reach a satisfactory conclusion. Acting or identifying other expert witnesses where deemed appropriate.

Make recommendations to the Head of Service on referral to pursue formal action. This should be in line with regulatory guidelines, standards and policies, internal departmental processes and documentation.

Where formal action is pursued, prepare case files with full regard to the local Police Procedures and Criminal Evidence Law, associated Codes of Practice and the Criminal Justice (Evidence and Procedure) Law. Attend Court, brief the prosecution and take part in formal cautions, interviews and representing the team in appeals or formal complaints boards.

Lead on initiatives and projects to drive up standards and change behaviours through persuasive compliance or where a regulatory approach is not an option or available.
