

Principle Public Health Officer

Department	Strategic, Policy, Performance and Population	
Section	Public Health	
Reports to	Head of Health Improvement / Consultant in Public Health	
JE Ref	SPPP1014	
Grade	CS13	JE Date: 14/11/2021

Job purpose

Lead specific areas of government policy, strategy and delivery plans, developing and maintaining a broad range of evidence-informed policy, legislation, strategy or planning, providing expert advice to Ministers and Directors General to ensure the Island's health and wellbeing objectives are met. Be the key responsible officer for public health policy, strategy and delivery projects with significant direct impact on the legal frameworks in force in Jersey, on public service provision across the island, on public finances and spending, and on the reputation of the Government of Jersey.

Job specific outcomes

Deliver evidence-informed and population needs led public health policy, legislation, strategy and delivery plans by leading and directing long, medium and short-term policy, strategy or strategic planning to meet Ministerial objectives, the Government's strategic aims, and Jersey's international obligations, across policy area(s) and/or priorities.

Deliver structured, robust and engaged public health policy strategy and delivery plans, including evidence informed analysis and engagement, to ensure the development of robust, future-orientated policy, strategy and delivery plans

Provide honest, objective and impartial advice on public health matters to Ministers and the Council of Ministers and once decisions are taken, publicly support and deliver them. Provide accurate and professional briefings, advice, guidance and documentation, and prepare Ministers effectively to respond to States Assembly questions, Scrutiny and Public Accounts Committee hearings, stakeholder meetings and the media. These activities will ensure Ministers are effective in progressing their government agenda and in responding to democratic scrutiny.

Consider the most effective mode(s) of engagement, including innovative approaches being used elsewhere, in order to involve the public, service users, frontline staff, delivery partners, and/or wider stakeholders in public health policy and strategy development and evaluation; thereby ensuring outcomes are appropriate, deliverable and informed by stakeholders.

Identify where action is required and work closely with other government departments and Arm's Length Functions whenever required. Ensure that the policy, planning and legislative frameworks in public health remain effective and relevant by pro-actively identifying when action is needed. Work closely with partner departments including the Law Officers' Department and Law Draftsmen's Office, so that Jersey policy and law are appropriate, robust and achieve the intended outcomes.

Build strong relationships and networks by representing the Island and the Public Health Directorate in inter-jurisdictional activities, leading knowledge transfer and development. Develop strong links across jurisdictions, departments, industry / business and other key stakeholders, including the public and their representatives, affording a network of contacts to inform the work of your team.

Deliver a whole-Island and long term approach to enhance decision-making. Undertake horizon scanning and scenario planning to develop a vision of how Jersey can meet future challenges. Take a fresh look at issues, and consider how Jersey might innovate to respond to them in order to improve both current and longer-term public health policies, strategies and plans, achieving better outcomes for Islanders.

Improve the effectiveness of government and service performance, by leading the appraisal of corporate plans, policies or projects proposed by other departments and/or external organisations to ensure consistency with strategic objectives, in so doing nurturing consistency and quality of policy/strategy/planning across the public sector.

Manage delivery against work plans. Ensure clarity of responsibility with implementation teams, including review and evaluation. This will result in public health policy, strategy and implementation plans which deliver their intended objectives, including improved services and outcomes for Islanders.

Lead, manage and direct staff, to deliver on time and to quality standards. Invest in the personal and career development of staff. Undertake appraisals, management of sickness absence, disciplinary matters, recruitment and selection. Commission and manage consultants and contracts for services. Act as a role model at all times, supporting teams and individuals to develop and achieve their potential and encouraging a learning culture focused upon improvement and high performance.

Statutory responsibilities

Active engagement, participation and compliance with any other statutory responsibilities applicable to the role, as amended from time to time.

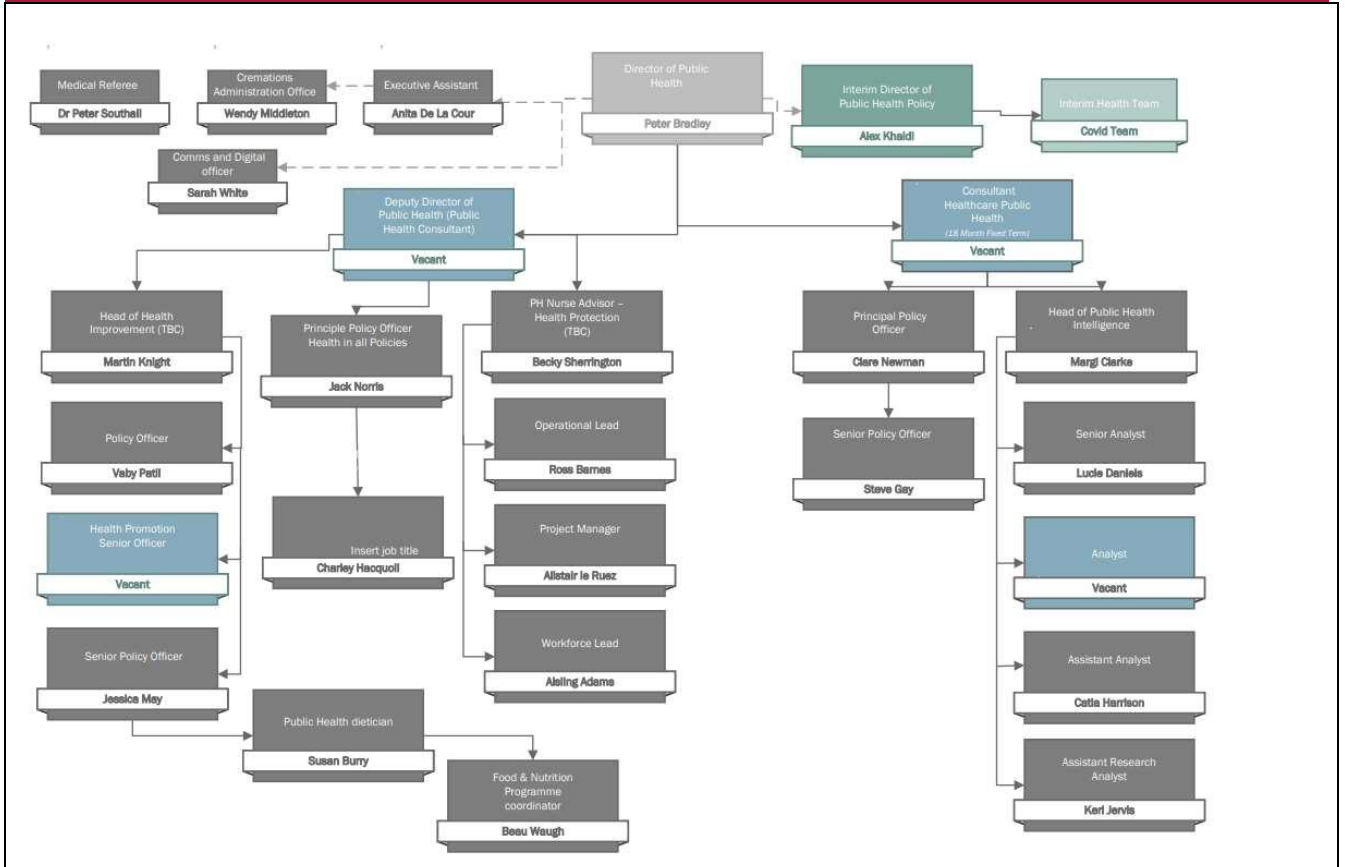

This role is politically restricted. The jobholder is not permitted to undertake political activity involving standing for election to the States or as a Parish Constable, or publicly supporting someone who is standing for election or playing a public part in any political manner.
