

Jersey General Hospital Formulary - August 2017

Hospital only = can only be prescribed within the hospital. A maximum of 3 months supply will be issued on an outpatient prescription

Shared care = medication initiated by the hospital. Prescribing and monitoring may be transferred to the GP in accordance with approved shared care guidelines. A maximum of 3 months supply will be issued on an outpatient prescription.

Blank status = can be prescribed both in hospital and by GPs. A maximum of 1 month supply will be issued on an outpatient prescription. For non urgent and repeat items complete a 'Request for Non-Urgent Prescription' form and give to the patient to take to their GP who will write a prescription.

Items not listed in the hospital formulary should not be prescribed. Requests for new items should be made to the Drugs and Therapeutics Committee.
