88% think there is a need for safety improvement and 73% love or like the scheme; powerful information for a planning application!

Pleased that [REDACTED] and I have been able to help get to this point.

Best of luck for the next stages!

Hi [REDACTED]

I'm afraid I don't have access to the survey system so [REDACTED] will need to pull the report off for us. However happy to then go through it with you once she's sent through the results.

Kind regards
