Good morning [REDACTED]

I have had an email over the weekend from Kalmac to advise remedial work will be done this week. I will await to see what is done. I do however need to point out I only have powers to 'control' the work done. The fact that the work is in contact with your party wall is a civil matter between the two parties. Planning may have had some input should a Planning application have been made. [REDACTED] the Planner I referred your case to has left so I am unable to find out what [REDACTED] said. Did [REDACTED] get back to you?

Kind regards
