For the att of [REDACTED]
Planning Application [REDACTED]
Re: Field 839, 10948/F.
Rue De la Ville Al'Eveque,

Dear Sir,

I am writing this letter in protest of above application. We think if this application is passed we believe that [REDACTED] will start to use it for his engineering/mechanical work shop in what is essentially a quiet rural area

We have had no reply to his previous application for a temporary secure store (No. 10948 D) which has been in place & use since 5-2-98

Yours Sincerely
[REDACTED]

Planning Application
Re. Field 839,
Rue De la Ville A l'Eveque,

I am writing this letter in protest
of above application,
This container has already been
placed in position,
Thursday morning (5.2.98)
it adds to a large amount

of old and dilapidated
vehicles which [redacted] uses
his property for storage for
his motor business.

As the surrounding area
consists mainly of fields etc.
I am sure the committee
would not approve nor condone
the unsightly mess this
person is creating in what
is essentially a quiet
rural area.

Yours Faithfully
[redacted]

6/2/98

[REDACTED]

[REDACTED] has reported the recent installation of a porta Cnair type shed which he feels is being used as a storage building, It would appear no permission planning or otherwise has been granted

Good luck
luu

Dear Sir Reference a VAN PARKED AT LA MAINE D'ANGOT TRINITY

This van has been parked for 3 years in the same spot in the entrance to the property of La Maine D'ANGOT VILLE A L'ANGUE TRINITY alongside of the property La Grange. It has one wheel on my Hedge which borders this entrance.

I think it a disgrace that people can just leave a vehicle, which has become an absolute eyesore, in full view spoiling the appearance of the area just to annoy neighbours.

The van is owned by [REDACTED] of Maine D'angot and feel it must be within your power to have it moved.

Awaiting your reply

Yours Faithfully

Re: Application 10948/c.
La Mare D'Angot.
Trinity.

I wish to register my objection to the proposal to build a Garage on this site, for the following reasons

- ① An extension of building into the countryside in an agricultural area.
- ② The applicant is a motor mechanic and would be asking for change of use iff given permission to build.
- ③ The applicant was told to stop working on this site as recently as the last two years.

Yours Faithfully,

[REDACTED]

RE: APPLICATION 10948/3
LA MARE D'ANGOT
TRINITY

I wish to register my objection to the proposal to build a large Portal Frame Shed on this site, for the following reasons.

1. An extension of building into the countryside in an agricultural area.
2. The applicant is not a farmer, he is a motor mechanic and does not repair agricultural machinery.
3. The applicant was told to stop working on this site as recently as the last two years.
4. At the moment it is like living at Bellozane Scrapyard, with old vehicles parked around the place.
5. At this very moment  from I.D.C. is attending this matter.

Yours faithfully
