Dear all

Please find attached the answer to written question 224.

I'd be grateful if you could please give it a good read. I have to submit it by noon on Monday.

Paul McCabe – I have added some more words at the start under general hospital – please check you are happy with them.

[REDACTED] – I have added a line as the last bullet point re-pharmaceutical companies and GPs.

Thanks for all your help.

Kind regards
