Dear Lyndon

[REDACTED]

[REDACTED]

I would refer to my below email of 7th August and should be most grateful for a reply.

The fuel tender documentation has now become available on the SOJ portal but regrettably there are a number of issues with the documentation. We have relayed our concerns to [REDACTED] and [REDACTED] and stated that we consider the time scale for the tender to be inadequate and unrealistic.

Kind regards

[REDACTED]
