The Owner / Occupier

Dear Sir / Madam

Havre Des Pas – Highway Maintenance & Traffic Calming Work

Infrastructure, Housing and Environment plan to undertake essential highway maintenance work on Havre Des Pas, from approximately 70m west of the junction of Green Street, to the roundabout with St Clement's Road and La Greve D'Azette. As part of this work and in an attempt to minimise disruption the department will also arrange for the provision of traffic calming measures along Havre des Pas i.e., installation of 3 No. raised tables. Extent of the working area is noted on flyer which accompanies this letter.

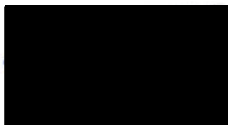

The scheme will commence on Monday 10th January 2022 for a duration of seven weeks, weather permitting. **The road will remain closed to through traffic for the duration of the works.** Where possible access will be maintained for residents and businesses. Should access not be possible, alternative parking will be arranged.

A signed diversion will be in place for the duration of the project. Further details regarding the proposed diversion, phasing of work, location of proposed raised tables and proposed traffic management will be available on the website from 1st December at www.gov.je/travel/roads.

It is anticipated that delays will be likely within the local area and, if possible, people are urged to avoid the area. Businesses are encouraged to (if appropriate) permit staff to work from home during the work, however we appreciate this is not an option available to all organisations.

If there are any queries on the proposed work or you require any clarification please do not hesitate to contact [REDACTED] (during office hours 09:00 to 17:00 Monday to Friday) on Tel [REDACTED] or via email on [REDACTED] who will be happy to assist.

Yours faithfully

[REDACTED]
Principal Engineer for Highways and Infrastructure
